Learning from museums : visitor experiences and the making ...

Active learning occurs when people stretch their minds to interact with the information and experiences at hand. In art museums, visitors are learning actively when they do such things as: formulate their own questions about works of art, reflect on their own ideas and impressions, make their own discerning judgments, construct their own interpretations, and seek their own personal connections.

Lath: There is research that says that visitor's experience is most heavily influenced by front line staff. Their behavior is one of the big factors in visitor's reactions to the museum. Their behavior is one of the big factors in visitor's reactions to the museum.

Visitor Centered Museums in Practice and its Future ...

Museums are community centers designed to inform and teach the public. When we ask what is the educational benefit of a museum, the immediate response is academic learning.

Absorbing academic information, however, is scratching the surface of what museums offer families and specifically children.
